Number 24

## County Citizens Win Fair Prizes

Canyon and Randall County were well represented in the winners circle of exhibits at the Tri-State Fair in Amarillo.

The greatest number of ribbons in the most divisions awarded to a citizen of the county probably went to Mrs. John L. Williams who won in crocheting, sewing and cooking contests.

Among the ribbons won by Mrs. Williams were McCall's Needlework Magazine special award (plus a gold cup) for a 24-inch centerpiece of original design using more than 900 yards of six-cord thread. She also won a McCall's special award, a national crochet contest award and a fair first place for a round pot holder crocheted in red with crocheted edging. A lace and insert, using a 70-year-old pattern, won a first place in the fair and a national crochet contest award.

Other prizes won by Mrs. Williams were first in shirt making, first in pillow case making, first for peach preserves and for sweet pickled carrots and second place in cold soap making.

Mrs. E. A. Michaels won several ribbons in the Culinary Division. Included in her prizes were first places in loaf yeast bread, cinnamon rolls, other bread, other cake, cupcakes and other cookies. She won second place for Boston brown bread and rolls.

Sandra Michaels won first in rolls and second in cinnamon rolls. In Milking Shorthorn judging, Raymond and Glenn Tucek picked up several ribbons. Raymond Tucek won fifth in heifer calves and sixth in junior yearling heifers. Glenn Tucek won third in 3-year-old cows, and Tucek Farms won third in best three females.

In the Junior Culinary division, Alby Ann Keuhler won first for muffins, first for ice box cookies and second for quick bread.

In the Horticulture Division, the Randall County 4-H Clubs won third in combine type kafirs and third in other varieties of sorghum.

Willie Wieck won second in three-head sunflowers. Guy Renner received fourth in other varieties of sorghum. Wesley Bourn won fourth in summer squash. Tommy Zachry won fourth in pumpkin, other variety.

Max P. Hoffman won third in three-head sunflowers, first for carrots, second for green-ear corn and second for rhubarb.

In the Textile Division, along with Mrs. Williams, Alby Ann Keuhler won first for sequin trimmed articles and first for boys suits.

## Buff B-Squad Plays ACC Friday Night

West Texas State's Baby Buffaloes, the B-Squad composed mostly of freshmen, will play Abilene Christian College B-Squad Friday night in Hereford. The game will begin at 8 p. m. in the Hereford High School Stadium.

## Fish Move In

Irlene Galley of Hereford was one of several hundred students who arrived on the campus of West Texas State Sunday for the opening of the fall term. Miss Galley will be a freshman at the college this year.

## Plunging Like a Bull

Harlie Adams, head bowed and arms folded over the ball, plunges through the line for an Eagle score against the Hereford Whitefaces. Canyon won 46-13.

## Eagles Expect Hard Fight With Perryton Rangers Here Friday

"We hope we've got a 50-50 chance," Canyon High Coach Guy Harrison said Tuesday as he discussed the football game against Perryton.

The game will begin at 8 p. m. in Buffalo Stadium, pitting 1-AA Canyon against 2-AA Perryton. The Eagles and the Rangers were in the same district until this year.

Perryton, which beat Canadian 46-14 last Friday, will field an all-senior, all-letterman team which includes eight of last year's regulars. The Eagle-Ranger game last year ended in a 6-6 tie.

"They've got a (Dan) Pearson-

(Dempsey) Geyger outfit," Harrison said. "It's Geyger down

the middle and off tackle, and Pearson off tackle and wide."

In the game against Canadian last week, Pearson scored three of the touchdowns. Geyger, Sammy Carter, Wayman Epp and Bob Beck made the remaining four touchdowns. All were on the ground except Beck's, which was a 32-yard pass from Kent Apple.

Tommy Johnson kicked three of six extra-point tries for the Rangers. Geyger made one on a plunge.

Harrison said that Perryton will definitely have the edge as far as preparation goes. Perryton has scouted Canyon twice, once with six of the team members watching. Canyon has had only one chance to see Perryton play, and that against a Class A team. He said Perryton lost only three boys off last year's roster. The Perryton line will average

175 pounds while the backfield will average 161 pounds, Harrison said.

The Eagles should be in better starting shape than in the previous two games, Harrison said. "Barring practice injuries, we should be better off from that standpoint than we have thus far," he said.

In the first game of the season against Floydada, starting quarterback Charles Neblett was unable to play during the entire game, due to an ankle injury incurred during a scrimmage against Panhandle. Relief quarterback A. L. Pruett turned in a fine game, however, as the Eagles won 32-6.

In the second game last week against Hereford, Neblett played only part of the game while fullback Harlie Adams was out part of the time due to slight injuries. The Eagles won 46-13.

In the Perryton-Canadian game, Epp's touchdown was on a 16-yard run. Geyger's was on a two-yard run. Carter's on a 20-yard run. Pearson's were on runs of four yards, one yard and 10 yards.

"We're really worried about this one," Harrison said. "They're a salty bunch."

## Stevens Infant Services Held

Funeral services for David Lamar Stevens, son of Mr. and Mrs. J. C. Stevens, were conducted Sunday afternoon in Warren-LaGrone Funeral Chapel by the Rev. A. J. Pettit.

Pallbearers were James Hand, Lawrence Boehning, Jack Thompson and C. W. Smyrl. Burial was in Dreamland Cemetery.

David Lamar, 2, died Friday afternoon at the family home following a lengthy illness.

In addition to his parents, survivors include a sister, Linda Gail; and the grandparents, Mr. and Mrs. W. O. Boudden, Lubbock, J. C. Stevens Sr., Upton County, and Mrs. Nellie G. Stevens, Canyon.

## FARM GAS REBATE DUE

Farmers have until Oct. 1 to ask for a refund of federal taxes paid on tractor gas, County Agent John Brazil announced this week.

He said lots of farmers in this area have not yet made application for the rebate. The law provides that farmers may get a rebate of two cents a gallon. The period now being covered by applications is from January to July, 1956, Brazil said.

Forms which are available at Brazil's office must be used to obtain the rebate. The forms, when completed, are mailed to the district director of internal revenue.

## Enlarged, Re-Modeled Quarters Will Give Better Space for Ford Agency

Extensive re-modeling now underway will give Truitt-Townsend Ford agency almost double the usable display space and better service facilities, Wilbur Truitt announced this week.

The agency, new in Canyon, is located at 1500 Fourth Avenue on the square. Included in the re-modeling work is the inclusion of the old service station portion of the building inside the full structure.

"We're hoping to have the work finished by the time the new 1957 Fords go on display Oct. 3," Truitt said. "We've decided to stay downtown. At one time we had planned to build a new building on the

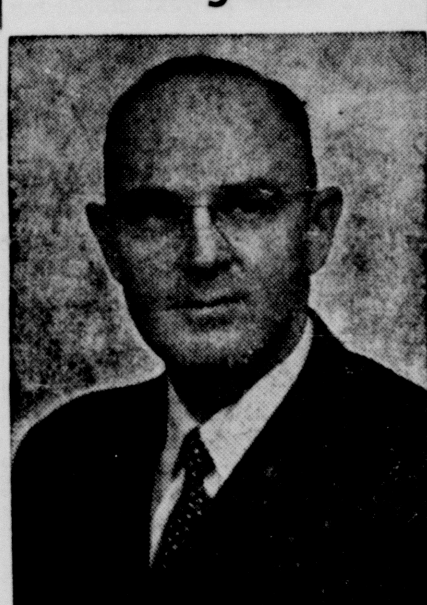

highway, but have changed the plans now."

Taking the old service station into the building will give almost twice as much display room for new cars, he said. The display area will be open to outside viewing by plate glass windows. Double doors from the service area to the display room will be installed so new cars may be put on display without driving in from the outside.

In the service department a new front-end machine will be installed, steel windows have already been put in and a new lighting system will be put in. The entire building will be repainted and a new roof has been added.

Truitt said rumors that a department store would take over the building prompted him to announce the re-modeling before it is finished. "We are going to stay downtown," he said.

## Evangelist

DR. LEE HEMPHILL

## Baptist Revival Opens Sept. 23

Evangelist for an eight-day revival meeting opening Sept. 23 at the First Baptist Church of Canyon is Dr. Lee Hemphill, pastor of the First Baptist Church of Littlefield. Directing the music for the evangelistic campaign will be Rev. Carlos Gruber.

Dr. Hemphill, a native of Texas, has been in the ministry since 1932. He has pastored but two churches since finishing the Southwestern Theological Seminary at Fort Worth in 1936, the First Baptist Church in Denton, and First Baptist Church in Littlefield.

He holds a doctor of divinity degree from Howard Payne College. Dr. Hemphill served 10 years on the Texas State Baptist Executive Board, 12 years as trustee of Wayland College, three years as trustee of Howard Payne College and in 1950 served as vice president of the Texas Baptist Convention.

He is married and the father of two children.

## Conduct Rites for Mrs. M. E. Taylor

Final rites for Mrs. Martha Elizabeth Taylor of Amarillo, mother of Mrs. Harry Edmunds of Happy, were conducted Monday afternoon in the First Church of the Nazarene in Clovis, N. M.

The Rev. Ernest Armstrong and the Rev. Dudley Anderson were in charge of the services.

Pallbearers were Howard Marks, Noel Johnston, John S. Jones, Jimmy Pullen, Ruben Kelley and Ivy Metcalf. Burial was in the Portales, N. M., City Cemetery.

Mrs. Taylor, 72, died Friday evening in Neblett Hospital, where she had been a patient about two weeks.

Survivors, in addition to Mrs. Edmunds, include four other daughters, Mrs. Paul Johnston and Mrs. Ed O'Brian, both of Amarillo, and Mrs. Bessie Rhea and Mrs. Jack Thomas, both of San Diego, Calif.; three sons, John W. Taylor, Andrews, Frank P. Taylor, Detroit, and Henry W. Taylor, Adams City, Colo.; two sisters, Mrs. Ida Rogers, Roswell, N. M., and Mrs. Ollie Roberson, Arkansas; 20 grandchildren and 11 great-grandchildren.

Dick Hicks of Los Angeles is spending the week with his mother, Mrs. W. H. Hicks, and other relatives.

## Encephalitis Hits Two In County, Suggest Spraying for Control

Two cases of encephalitis, both mild, have occurred in Randall County recently, according to Dr. R. P. Jarrett, county health officer.

Neither of the cases resulted in serious illness, he said. One of the patients lives in Canyon and the other in the south part of the county.

The dread disease has struck mainly in the South Plains, with between 25 and 30 cases reported in Lubbock, Hale, Floyd, Lamb and Swisher Counties. Five deaths have been reported in those counties. In Deaf Smith County, 11 cases have been recorded this year, but none have resulted in death.

The disease is believed to be carried by the Culex tarsalis mosquito, according to state health authorities. The best known prevention is to eradicate the mosquito's breeding places.

The city of Canyon has sprayed twice recently for mosquitos and plans another spraying when weather conditions get better, City Secretary Andrew Boggs said. The city has been spraying at night because of high

winds and heat during the day, but Boggs said the night spraying have done little good because the air was still hot and the wind still blowing.

To be effective, the spray should be spread when the wind is light and the humidity high, at least 60 per cent. When the air is drier, the spray does not stay on the ground.

Boggs suggested that home owners should spray around their houses, especially where flowers are watered heavily. He said citizens should take care of weeds around their places, and be sure that no water can stand until it stagnates.

He also requested that citizens report to the city hall any instances of large bodies of water standing. "I know it hasn't rained lately, but there might be some water standing. I don't mean small bits of water that can be taken care of by the people themselves," he said.

The city has been using chlordane for spraying.

Health officials also suggest that farmers eliminate standing bodies of water around their homes, and spraying for mosquitos.

## Bank Account Will Be \$85

Mary Janssen of Umbarger would have won \$60 last Saturday if she had been in a store participating in Canyon Bank Day.

Instead, she received only a check for \$5, and the rest was added to the bank account for this week. The account this Saturday will be \$85.

The winning name will be announced in all participating stores at 3 p. m.

Stores participating in Canyon Bank Day are Buffalo Grocery, T. A. Black, Canyon Drug, Western Auto, The Pharmacy, Bellah's Supermarket, J. J. Walker Prescription Lab, Thompson Hardware, Cooper's Market, Cheatham's, Canyon News, Varsity Theater, Jennings Men's Wear, Jennings Dress Shop, Taylor-Evans Farm Stores, Traders Recreation Club, Stevenson Pontiac, Warren's, Poole's Farm and Ranch Store, Consumers Fuel and Elevator, Wayne Wirt Electric, Taylor and Sons, Cunningham Appliance and Dan's Store.

## Hold Sunday Rites For Mrs. O'Donald

Rites to the memory of Mrs. Robbie Florence O'Donald were conducted Sunday afternoon in the First Methodist Church. The Rev. H. Doyle Ragle, pastor, the Rev. Strauss Atkinson, pastor of the First Baptist Church, and the Rev. Clyde Smith of Amarillo, were in charge of the services.

Pallbearers were Mabry C. Vandergiff, Max Fansler, Bailie McCormick, Gerald Hughes, Ralph Ruthart and Jimmy Flynn. Burial was in Dreamland Cemetery.

Mrs. O'Donald, 46, died at 12:40 a. m. Saturday in St. Anthony's hospital in Amarillo. She was born Dec. 28, 1909.

Survivors include her husband, E. E. (Rusty) O'Donald; two sons, Lt. Robert O'Donald, stationed in Mannheim, Germany, in the Army, and Roland O'Donald, Canyon; a daughter, Shirley O'Donald, Canyon; her mother, Mrs. Mamie Lockwood, Amarillo; two brothers, Leslie Lockwood and Harvey Lockwood, both of Amarillo; and two sisters, Mrs. David Fansler, Amarillo, and Mrs. Wood Coleman, Shamrock.

## P-TA Shenanigans

Dapper-dan Raymond Raillard takes a shine to coy Mrs. Jack Schwartz in a skit prepared for the first P-TA meeting of the year. The meeting, known as Men's Night, will be held Thursday night in the elementary school building. The program includes a short business meeting, the skit and a social.

## Easy Tarpon Win Good, But Coach Still Unhappy About Buff Prospects

Despite West Texas State's easy 29-6 win over University of Corpus Christi Saturday night in the football season opener, Coach Frank Kimbrough was unhappy Monday.

With the prospect of a tough foe coming up Saturday night when McMurry invades Buffalo Stadium, Coach Kimbrough ran his charges through two workouts Monday. The emphasis was placed on the first three units since the WT "B" team will meet Abilene Christian's "B" squad Friday night at Hereford, and will not be counted on for much help Saturday.

"We fumbled too much," blurted Coach Kimbrough, "and we just didn't look good any place against Corpus Christi."

Buff ball-carriers bobbled the ball seven times in the season

inaugural, losing it to the Tarpons on five occasions. The fumble was a costly nemesis last year, sometimes making the difference between victory and defeat in the close games.

There was one bright note in the Corpus Christi game. No injuries were reported and everyone appeared to be in good physical shape for the McMurry invasion. McMurry, incidentally, lost a 26-23 thriller to cross-town rival, Abilene Christian, in its opener after blowing a 23-7 lead.

With 4,000 fans on hand, West Texas scored once in the first quarter against Corpus Christi, a touchdown and safety in the second period and two more TD's in the third set. The first unit played less than a quarter and

Coach Kimbrough used his fifth team most of the final half.

Scoring touchdowns for the Buffs were Ron Mills, R. L. Rhoten, Dale Wiley and freshman Rex Loftis. Loftis booted one extra point and Tommy Coffey, being groomed for the placement chores, had a perfect night with two for two.

In an obvious effort to keep the score down, Corpus Christi ran long counts in every huddle. The Tarpons got caught seven times, being penalized five yards each time for delay of game.

A 30-yard run by quarterback Bubba Hillman set up the Buffs' first touchdown midway in the first quarter. Mills climaxed the 48-yard drive with a six-run burst (Con't. on Back Page Section 1)

EDITORIAL

# Views and Comments

During the last part of August, City Secretary Andrew Boggs prepared a report to the City Commission on the tax revenue and indebtedness of the city from 1940 to 1956. The enlightening report shows quite well why it was necessary to obtain more money for the city's operation through increased water rates and tax rates.

So that the taxpayers of the city might have the benefit of the information submitted in the report, it is reprinted below in its entirety.

"The purpose of this report is to show a breakdown by years, from 1940 through 1956, of the tax rate per \$100 valuation on the individual funds and the combined total, the per cent of actual value taken for assessed values, the total assessed value, the total taxes assessed, the amount of taxes allotted to the General Fund, and to the Interest and Sinking Fund, the water and sewer rates in force for each year as described by ordinances, which are set out more fully in the accompanying pages, and the amount of Bonds voted each year, set out as either Revenue or Tax Bonds.

"You will notice the total tax rate in 1940 was \$1.10 per \$100 assessed value and continued until 1946 when it was increased to \$1.40. Then in 1947, it was lowered to \$ per \$100 assessed value. You will note that when the rate was dropped to \$10, the same year the percentage of assessed value increased from 25 per cent to 40 per cent of actual value.

"Even though the rate was lowered, there was a slight increase in taxes. For example, a home costing \$10,000 in 1950, would be assessed at \$2,500 with a tax rate of \$1.50 would give a total tax of \$37.50. This same house in 1951 would be assessed at \$4,000 and with a tax rate of \$1 would give a total tax of \$40. This would be an increase of \$2.50 in taxes for 1951 over 1950.

"This same tax rate of \$1 continued until the present tax year, when it was increased to \$1.25 at the same per cent of assessed value.

"The assessed value increased gradually from 1940 to 1950, due to normal growth. The change in assessed percentage in 1951 accounted for the jump from \$2,792,420 to \$4,514,150 and the normal rate of increase began again up to the present time.

"The amount of taxes allotted to each fund increased gradually through the years according to rates set at the beginning of each fiscal year, with one noticeable exception in 1953. The Interest and Sinking Fund received only \$9,930. An explanation being that a surplus had accumulated in that fund over the years, and the above amount, plus the surplus, was used to take care of that year's requirements.

"The water rates have been changed four times in 16 years, the last time this year.

"The sewer rates have been changed twice. There was no charge levied for sewer until 1949. This charge has been increased one time since 1949, and that was in 1955. That rate is still in effect.

"You will notice that \$595,000 in Bonds were issued in the period from 1950 to 1955. Some of this debt has been retired, but the majority remains unpaid. The requirement for 1956 are Tax Bonds, \$40,809.50, and Revenue Bonds, \$21,786.84, a total of \$62,596.34. The requirement for the year ending March 31, 1949, was \$10,590. The requirement for this year is nearly six times greater than it was in 1949. In comparison, the taxes levied for this year are only a little less than two times more than they were in 1949. You will also notice that the taxes levied for 1956 for the General Fund were not as great as were levied in 1950 and 1953.

"On the last page of this report a comparison is made between our city and its neighbors on tax structure and water rate.

## BOND SCHEDULE

- 1946—June 30, 1946, \$40,000 in Tax Bonds issued for street improvements, called for tax levy.
- 1946—June 30, 1946, \$60,000 in Tax Bonds for waterworks and sewer, called for tax levy.
- 1950—April 1, 1950, \$95,000 in Tax Bonds for street improvements, called for tax levy.
- 1951—May 1, 1951, \$60,000 in Tax Bonds for permanent improvements, called for tax levy.
- 1952—Aug. 1, 1952, \$130,000 in Revenue Bonds for waterworks and sewer, pledged revenues.
- 1953—Oct. 1, 1953, \$130,000 in Tax Bonds for waterworks, called for tax levy.
- 1953—Oct. 1, 1953, \$75,000 in Revenue Bonds for waterworks, pledged revenues.
- 1955—Jan. 15, 1955, \$60,000 in Tax Bonds for park improvement, called for tax levy.

## G. B. Combs Hosts Mother-in-Law Club

The Canyon Mother-in-Law Club met with Mrs. G. B. Combs at 1500 Sixth Avenue on Sept. 13 at 2:30 p. m. The president, Mrs. G. W. Cox, presided.

The opening song was sung by the group. Mrs. T. T. Fair, secretary, gave her report, and 20 women answered roll call.

Mrs. H. C. Hudson gave the devotional from Acts 1:10 and II, a favorite scripture of the late Mrs. M. E. Cleavinger. Other members, Mrs. Nannie Myers and Mrs. G. B. Bourland, were also remembered at this meeting. The club lost these during the past year; they were remembered kindly by those present.

Visitors were Mrs. Ed Weeks

and Mrs. Glenn H. Foor of Pittsburgh, Pa. Others present included Mrs. Fain, Mrs. I. M. Steen, Mrs. R. E. Foster, Mrs. E. C. Hawes, Mrs. Cox, Mrs. W. G. Rose, Mrs. Ed Gidden, Mrs. C. W. Dunn, Mrs. N. A. Croson, Mrs. Myrtle Wester, Mrs. E. C. Penick, Mrs. Bessie Elry, Mrs. R. D. Lowry, Mrs. Mary Burtz, Mrs. H. C. Gentry, Mrs. C. H. Stratton, Mrs. Hudson and the hostess.

The hostesses, Mrs. Steen, Mrs. Gentry and Mrs. Burtz, served a delicious serving of ice cream sandwiches, punch and mints.

Mrs. Cox will have the next meeting.

About 500 small colleges get enough students, despite record enrollment in larger institutions, are seeking 100,000 additional ones to fill their classrooms.

## Red Tape Cutters

After scissoring international red tape for more than a year, Frank Morgan, left, West Texas registrar, enrolls Chan Wha Chun, Korean graduate student, in the college.

## Korean Graduate Attends WT Through Series of Odd Events

The snarls of red tape finally unravelled after more than a year of groping by Chan Wha Chun, and the happy 23-year-old Korean is on the campus of West Texas State College, enrolled for the fall semester.

Most of Chan's story of delay and heartbreaking frustration is told in the bulky file of correspondence between Frank H. Morgan, WT registrar, and the research fellow in Seoul who wanted to continue his education at this West Texas college. It started in January, 1955, and closed Sept. 4, 1956.

Out of the hundreds of colleges in the United States, Chan selected WT because of the coincidence of availability. One of his friends, somehow, had a West Texas State application blank, and, somehow, the American Embassy in Seoul had a West Texas State catalog. The correspondence started when Chan mailed his application and a transcript of credits from Seoul National University.

Webbs of tape and coincidence in Lubbock also began weaving in Chan's behalf, sometime after his application was mailed. When the slight, and exceedingly polite student needed a sponsor, one came his way—by chance! The story is involved and almost unbelievable, so from the beginning:

Young Chan Wha Chun, son of a Seoul weaver and tailor, had just entered Seoul National University when the Korean war started in 1950. Students and faculty moved to Pusan and classes continued.

When Seoul was recaptured, the university moved back, and Chan completed his work there in 1954. He became a research fellow with the Republic's Central Education Institute, a bureau established to improve Korea's education system. It is sponsored by the Ministry of Education, Korean Federation of Education, and the American Korean Foundation.

His difficulty with English, one of the roadblocks in his obtaining permission to visit the U.S., is apparent in his first letter to Morgan, but Chan's desire to aid his country's educational plight is also poignantly apparent.

"It is still worse to have had such calamities like war," Chan wrote. "However, nothing can prevent our desire and efforts to make things better achieved. It is very natural and realistic for us to seek after methods available for the purpose."

Chan continued: "Nowadays, Korea is badly in need of every kind of workers in various fields for her ready-to-cure invalidity. I think I should take an important part in the educational field for which I have been trained. Nevertheless, I was trained too poorly to assume this over-burdened responsibility. The more we are eager to reconstruct our education, the more we are discouraged by our inability. We are, however, too enthusiastic to give up our tasks."

## TIRED 'TIL IT HURTS?

Just 6¢ a Day Can Help Build Rich, Red Blood... Save You from being Dragged Out... EASY PREY TO MINOR ILLS.

Nutritional experts reveal vitamin losses in cooked foods plus faulty diet may be seriously undermining your energy, strength, and resistance, making you feel on edge—affecting your appetite—spoiling your sleep—because your body is vitamin and iron starved.

How You Can Stop Chronic Vitamin & Iron Starvation TODAY... Feel Like a New Person!

Supplement your diet every day with just one High-Potency Bexel Capsule. Just one of these wonderfully strengthening capsules give you the full vitamin and iron content nature provided in the following groups of foods before cooking:

1 quart of pasteurized milk 1/2 lb. of hom 4 oz. of fresh orange juice 1 lb. of beef 1/2 lb. of lean bacon 1/4 lb. of butter 1 lb. of lean pork 1/2 lb. of veal chops 1/2 lb. of green string beans

Penny for Penny... You Get More Value in High-Potency BEXEL

CANYON DRUG

sponsor. In September, 1955, Chan was awarded his passport. In November, Chan was notified that WT was approved by the Justice Department, Immigration and Naturalization Service. He then needed a visa. He got that finally in July, 1956.

Some time last year, an Air Force officer from the Lubbock Air Base went into Hester's Office Supply. He began chatting with Mr. and Mrs. W. L. Hester, whose son, David, had been in the Air Force, and both he and the stranger had served in Korea. The officer, by chance, mentioned the "brilliant Korean student" who wanted to come to America.

The Hesters expressed interest, and became better acquainted with the officer. The family talked it over, and decided that they should do something to assist Chan. The officer returned to Korea, and correspondence began between the family in Lubbock and Chan.

The Hesters, both ex-students of WT were pleased to hear that Chan wanted to attend WT, and they began the process of being investigated as possible sponsors. That investigation took six months, entailing everything from character to financial standing.

Chan, who will work toward a masters degree, with emphasis on educational counseling, flew to Lubbock Aug. 27, where he remained, "growing accustomed to American ways" until he came to Canyon.

When he completes his work here, he plans to return to the Central Education Research Institute to work for "the educational improvement and betterment of our country."

## WE LIKE A REGULAR TRADE

Prison Governor (to released convict) — "I'm sorry. I find we have kept you here a week too long."

Convict — "That's all right, sir, knock it off next time."

Admiral Radford, Joint Chief of Staff Chairman, said no reduction in United States forces in the Far East was now being contemplated.

The other morning, on a hasty shopping trip, we met a woman who retired a couple of years ago. She had been very, very active, holding a nine-to-five job and working energetically in several clubs in her spare time. But since her son had her quit working to rest, she is the most displaced-looking person we nearly ever saw. The anxious lines are gone from her face, it is true. And she has acquired new grace in a quieter, more leisurely manner. But she is like a drifting canoe on the surface of a rippling lake.

Two other retired women in our town, however, are having the time of their lives. They entertain friends, keep their homes spotless, take part in community volunteer work. They have hobbies which they now have time to enjoy — such as reading, gardening, weaving on a handloom, preserving fruit. They are staying happily busy after too many years of living crowded lives.

We saw an older couple at the grocery store the other day who set us to thinking about this. They sold their ranch and town home a few years ago, bought a trailer and planned to travel out the rest of their days. They have been to practically every section of the United States, and have gone to Canada and Mexico. For a few years it was fun, but it soon got old. Now they have built a new home, make short trailer trips, but come back to their own hearth after a few weeks away.

People who say they "can't wait to retire" sometimes wish they had not been so eager. The average office worker, or the executive who feels himself chained to his desk, probably needs just as much training for successful retirement as for a successful career.

NO TWO WAYS ABOUT IT!

No two ways about it, if you don't have enough automobile insurance you're taking a big chance. One accident could cost you your home and your business. Phone or stop in this week.

## Mrs. Moore Hostess Wesley Bible Class

On Wednesday, Sept. 12, the Woman's Wesley Bible Class had a covered dish luncheon with Mrs. J. L. Moore as hostess. In spite of the dry weather, Mrs. Rosie Hungate brought lovely flowers.

Old Southern songs and love songs of long ago were sung. A letter was read from the Shooks in Arkansas telling of their enjoyment of The Canyon News and the items about the class.

A delineation by Mrs. Foster told of the amazing growth of Texas Wesleyan College at Fort Worth under the presidency of Law Sone and a recital in a letter from Mrs. Beulah Brasuel Watts of the benefits of a summer vacation in Germany.

Guests present were Mrs. Zoe Holman, Mrs. H. C. Hudson and Mrs. Maggie Sanford. Class members present were Mrs. E. C. Penick, Mrs. Blanche Haines, Mrs. I. C. Jenkins, Mrs. G. H. Clark, Mrs. Hattie Brasuel, Mrs. Barton, Mrs. J. E. Wiseman and Miss M. Moss Richardson.

Mrs. C. H. Stratton has returned from a 10-day visit with her son, Charles, and wife, Hazel, at Bartlesville, Okla., where he is a research chemist for Phillips.

## Two More Added To WT Faculty

Two additional faculty members have joined West Texas State College for the 1956-57 session, President James P. Cornette announced Monday. Activity for the fall semester got underway Monday, and registration started Tuesday.

Named were Arthur Brewer, director of the Baptist Bible Chair, and Robert Webb, instructor in biology.

The Rev. Brewer, who will direct activities of the Baptist Student Center, came to WT from Tarleton State College in Stephenville, where he was director of Baptist Student activities. He formerly was a pastor for six years in Azle, Texas, and El Paso.

The Rev. Brewer, a native of Fort Worth, earned his A.B. degree at the University of North Carolina, and his B.D. at Southwestern Baptist Theological Seminary. He has done graduate work in sociology at the University of Texas.

A member of the Lions Club, the Rev. Brewer was secretary of the ministerial alliance in Stephenville, a member of the board of directors of the Light-house for the Blind in El Paso, treasurer of the El Paso Baptist Association and director of boys work for the group, and a member of the board for the Parents Council for Visually Handicapped Children in Fort Worth.

The Rev. and Mrs. Brewer and their son, Stephen, 5, live at 2505 Seventh Avenue in Canyon.

Webb, who lacks only his dissertation for the doctorate at the University of Kansas, earned his B.S. and M.S. degrees in zoology at the University of Oklahoma. He has also done graduate work at Tulane University.

Both at Kansas and Tulane, Webb held teaching assistantships, and he held a research assistantship at Tulane. He has been a member of several summer field surveys in herpetology at both institutions. He has published several articles on herpetology in professional and scientific journals.

Webb, whose home is now in Houston, is a member of Sigma Xi, national science honorary fraternity, the Society of Ichthyologists and Herpetologists, and the Society of Systematic Zoology.

## Bible Verse to Study

"The law was given through Moses, but grace and truth came through Jesus Christ."

1. Who is the author of this statement?

2. Upon what occasion was it spoken?

3. Briefly explain its meaning.

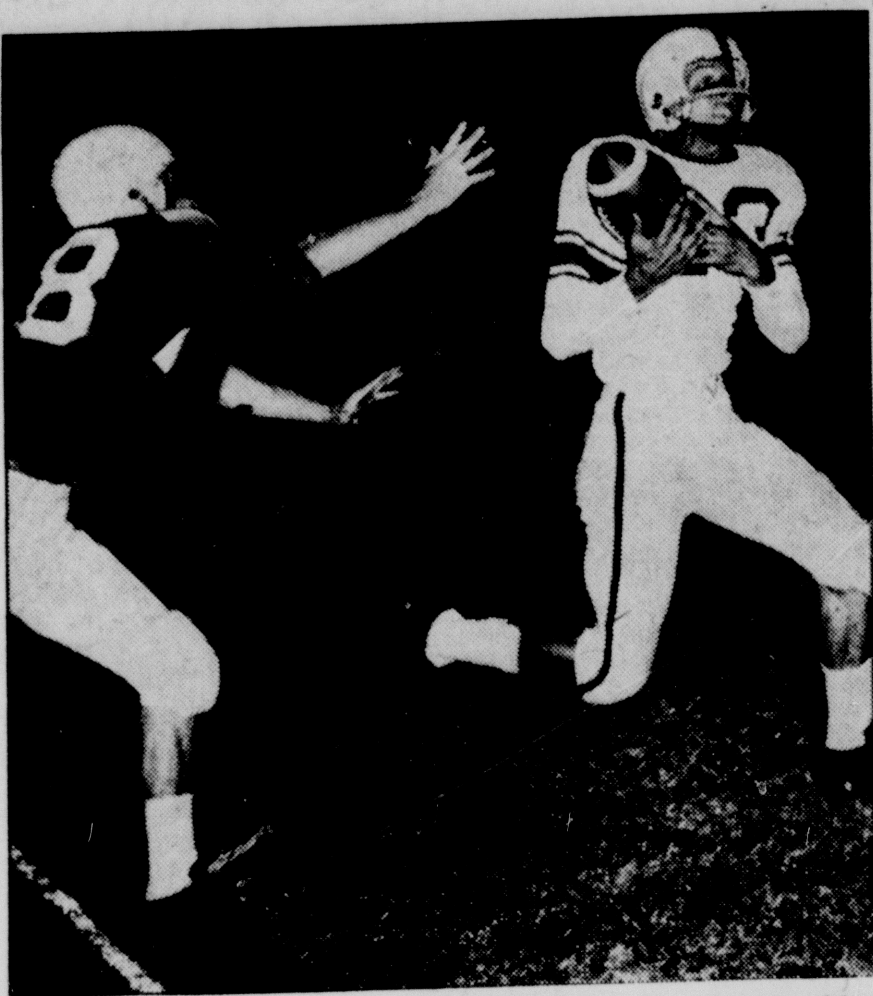

## BIBLE VERSE ANSWERS:

1. John the Baptist.

2. As John the Baptist was introducing Jesus to His disciples at the long promised Messiah.

3. The Mosaic laws were given to an unregenerate people for obedience. Jesus provides the grace by which believers receive the basic impulse necessary to real obedience to God.

## Good Pass—Called Back

Buffalo Halfback Ronnie Mills snags an over-the-shoulder pass that went for a touchdown in the first quarter of the West Texas-Corpus Christi game, but it was called back for a penalty. Tarpon Dale Reed runs in for the tackle.

## Offers Tips for Holding Water

COLLEGE STATION—It is not the rain you get but the rain you keep that counts, says G. O. Hoffman, extension range specialist.

It is going to take a lot of good soaking rains to break the present drought but if history repeats itself, he adds, heavy downpours usually follow long dry periods and unless provisions have been made to hold such rainfall, too much will be lost.

Hoffman offers several suggestions for holding a maximum amount of these heavy rains should they occur this fall. Don't, he cautions, go out and buy expensive equipment for doing the necessary work, but do use what is available on the farm or ranch.

Net wire spreaders do an effective job of slowing down runoff water. They stop drift and hold water well even on slopes. Too, says Hoffman, they are cheaper to build than dirt spreaders and there is no dam to be washed out or blown away.

Trees and brush thrown into the heads of gullies will greatly aid in slowing down and spreading runoff water. Brush piles placed in gullies at intervals will tame running water and also catch soil and cause much more of the runoff to be soaked into the soil. Fallen brush scattered over the pasture holds water and helps grass seedlings get started by giving them protection.

A range which is dotted with wire spreaders, pits and piles of fallen trees and brush holds many times more water than a range which is bare of vegetation or man-made constructions.

The bare areas should be pitted, says Hoffman, for little water will be absorbed if measures are not taken to break the surface crust which will shed water, especially, if the rain comes as a downpour.

Many good soakings will be required to get drouth ravaged ranges back in good shape and because most ranges and pastures are now bare, any device, construction or practice which can be put on the land to hold water will help the comeback, says Hoffman.

Most of these jobs, he adds, can be done piece-meal and with available equipment and labor. They will not cost much money but can be great aids in shutting the gate to keep water where it falls.

## Amity Club To Meet Friday with Wester

The Amity Club will meet Friday, Sept. 21, in the home of Mrs. W. I. Wester, 1306 Second Avenue. Roll call will be answered by a riddle or joke.

## Social Pioneers To Hold Picnic Thursday

The Social Pioneers will have their annual picnic on the lawn at the home of Mrs. C. W. Dunn on Thursday, Sept. 27.

Mr. and Mrs. J. R. LaFon have returned from Albuquerque, N. M., where they have been visiting their son, Lowell, and family and new grandson who was born Sept. 4.

## CARD OF THANKS

We want to thank all our friends for their kind expressions of sympathy, for the flowers and dishes given us at the time of the death of our little boy.

Mr. and Mrs. J. C. Stevens and Linda

The thoughtfulness and sympathy extended by our friends and neighbors during the lengthy illness and passing away of our loved one, will always remain with us as a precious memory. Our sincere thanks to all.

E. E. O'Donald, Roland and Shirley, Lt. and Mrs. Robert O'Donald, Mrs. Mamie Lockwood.

To all my friends, many thanks for gifts, flowers, cards and all kindnesses shown me during my illness. Special thanks to all the nurses and doctors in the hospital.

Mrs. Bradley Burrus

## Help Your Child Learn Sounding

## Dolch Play-Way Learning Games

Fun to play Games that teach sounding (phonics). Designed by E. W. Dolch, Professor Emeritus of Education, University of Illinois, noted authority on the teaching of reading. Choose games suited to your child's age and grade, or consult the teacher.

## WHAT THE LETTERS SAY:

A beginning sounding game, grades 1 and 2. Teaches the sounds of the letters, \$1.95

CONSONANT LOTTO: 2nd grade, and up. Develops the important ability to HEAR the sound of consonants. \$1.95

VOWEL LOTTO: (Not illustrated) 3rd grade and up. Teaches vowel sounds by same method, \$1.95.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

## TAKE: A card game, 3rd grade and up. Players "take" tricks by matching beginning,

middle and ending sounds, \$1.50

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

THE SYL-LA-BLE GAME: 4th grade and up. A solitaire card game which teaches quick recognition of common syllables, \$1.50.

## NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

### Monopoly on the Turnpike

Recently Mrs. Rogers, our two older boys and I had the occasion to travel for a short trip along the Pennsylvania, Ohio and Indiana Turnpikes. The Pennsylvania Turnpike is the oldest toll road, but proved so successful that Ohio and Indiana have initiated similar programs and have tied their roads into a continuous turnpike across the northern part of their states.

Their turnpikes connect with the Pennsylvania Turnpike which, in turn, connects with the New Jersey Turnpike. Needless to say, these are excellent roads on which an automobile traveler can make splendid time.

One of the main reasons being that there are no crossroads or intersecting roads and no entrances onto the highway except at intervals that are plainly and visibly marked well in advance of reaching them.

The toll to travel on these roads is very reasonable and within the bounds of what any traveling motorist can pay.

I had felt for a number of years that the need for an interstate highway system might be answered by the federal government, obtaining rights-of-way across the United States in several directions necessary and constructing toll roads. It was my thought that such a program would maintain a complete separation between the state governments and the federal government in so far as the highway system was concerned.

A completely owned federal highway could be policed in the same manner as our national parks system. The cost of the roads and maintenance could be paid for by the tolls collected for their use.

There would be no need for conflicts between the state and federal governments in so far as the type of highways are concerned, the regulations governing them, the warning signals to be used, the speed or other matters incident to a highway and motor traffic.

There would be no commingling of state and federal funds, that would enable the federal government to dictate certain requirements that had to be met before participation by the states in federal funds. Altogether, it looked like a possible solution at a minimum cost to the average American taxpayer.

However, there were several difficulties requiring consideration which would have to be carefully weighed as relating to such a program. The major one of these difficulties, in my opinion, had to do with the complete monopoly that is employed by the concessionaires of these toll roads.

This has been argued pro and con for many years. I have ridden on toll roads, including the Pennsylvania Turnpike, during its early years. However, my recent trip along these turnpikes pointed up the seriousness of the monopoly problem as it concerns the free enterprise system upon which this

nation has been built. In the first place, the traffic on the turnpikes has increased tremendously, and will continue to increase tremendously. Once you enter the toll gate, you are a captive of the toll road authority and the concessionaires who are authorized to operate on the road.

You either buy the gasoline that is available to you at intervals of approximately 25 to 30 miles or you don't get any gasoline—that is, unless you want to leave the toll road and hunt for a town where you can buy the brand of gasoline you want. On the road itself, you are not only limited to the particular brand of gasoline sold by the concessionaire, but you must buy it when the concessionaire decides to deliver it to you.

By this, I mean that you are required to line up and await your turn to purchase gasoline, even though the line may be 15 to 20 cars long. Although there are a number of gasoline pumps available, there are few attendants and you must wait until an attendant serves all of the cars in front of you.

Usually, Americans are very fair and would make no complaints if such waiting periods were due to exceptional circumstances like peak trade periods. But, it was my observation on the toll road that the same condition existed at almost every station on the road.

We saw cars lined up from 5 and 6 deep to 20 deep. In our own case we lost over 45 minutes in travel time during an 8 hour period, waiting in line to buy gasoline.

The same situation is true in some of the eating places. You have no choice. There is only one eating place, and if you want something to eat, you wait until you are served, whether that be 30 minutes or two hours.

Some of the eating places had excellent service, others did not, according to turnpike standards. None of the service was equal to the service you can get where there is competition.

The life blood of the American free enterprise system has always been a fair, honest, but vigorous competition. When this economic circulatory force is slowed down or stopped, the dynamic, expanding economy essential to a democracy is destroyed.

Perhaps some day an answer will be found to this situation with relation to toll roads, but at the present time, the problem is bad and no solution is in sight.

### Canyon City Rebekah Lodge Holds Meeting

Canyon City Rebekah Lodge 350 met in regular session Sept. 12 with Noble Grand Mrs. Mae Johnson presiding.

The Warden's chair, made vacant when Mrs. McLaughlin went to California for an extended time, is being filled by Mrs. Myrtle Cook.

Mrs. Myrtle Wester reviewed questions on the ritual. The lodge received a certificate from the general secretary on good work during the past year.

Members in attendance were Mrs. Johnson, Mrs. Gladys Pitt, Mrs. Hattie Brasuel, Mrs. Myrtle Sparks, Mrs. Eva Curb, Mrs. Berta Crow, Mrs. Cook, Mrs. Dollie Taylor, Mrs. Maye Bond, Mrs. Wester and Mrs. Myrtle Stratton.

The next meeting will meet at 2 p. m. on Sept. 26.

# State Capitol NEWS

By VERN SANFORD  
Texas Press Association

Conservative and Liberal Democrats are battling each other. Republicans are active. But the Constitution Party of Texas now is in the spotlight.

At their Austin meeting the Constitution Party grabbed headlines by naming, as their nominees, prominent Democrats who have been active in recent campaigns. Their choice included W. Lee O'Daniel for Governor; J. Everett Hales for Lt. Governor; Reuben Senterfitt for Attorney General; Warren G. Harding for State Treasurer, and Ross Carlton for the Court of Criminal Appeals.

Congressional candidates will be chosen later.

Secretary of State Tom Reavley challenged the Constitution Party's right to nominate any candidate who had been defeated for the same office in the recent primaries, and ruled they could not be put on the ballot.

Joseph M. Rummel of Houston is state chairman of the Constitution Party. Their presidential nominee is Democrat T. Coleman Andrews, former Internal Revenue Commissioner of Richmond, Va. Former Republican Congressman Thomas Werdell of California is their vice presidential choice.

Major plank in the party's platform is elimination of federal income taxes.

## Artificial Rain

Possibility of moistening droughty Texas by artificial rainmaking may be debated in the next Legislature.

## CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: T. P. BRANUM, Defendant.

Greeting:

You are hereby commanded to appear before the Honorable 47th District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 29th day of October A.D. 1956, then and there to answer Plaintiff's Petition filed in said Court, on the 11th day of September A.D. 1956, in this cause, numbered 3202 on the docket of said court and styled EVA ESTELA BRANUM, Plaintiff, vs. T. P. BRANUM, Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce on grounds of cruel treatment. No children or property involved, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 14th day of September A.D. 1956.

ATTEST:

MAVIS HILL, Clerk, District Court Randall County, Texas.  
By Betty Webb, Deputy.

(SEAL)

2414

islature.

After hearing state and federal weather experts at an Austin meeting, the Texas Water Resources Committee voted to dig deeper into the subject. If findings are favorable, the committee indicated it would recommend legislation and appropriations for a long-range, statewide project.

Scientists were cautious in their claims before the committee. Much is yet to be learned about what makes rain, they said, and previous experiments have not yet been thoroughly evaluated. But they agreed prospects were promising enough to merit further research.

"Soaker" Wanted

Scattered showers have helped, but most Texas farmers still are scanning the skies for a "fall soaker."

U. S. Dept. of Agriculture's latest crop report reflected increasingly critical conditions. Examples: cattle, "forced to market;" peanuts, "past redemption;" dryland cotton, "extremely short;" vegetable planting, "limited." Only irrigated cotton was reported "fruiting heavily."

## GI Loan Payments Up

Delinquencies on veterans land loans have dropped 19 per cent since 1954, said Land Commr. Earl Rudder.

Payment failures ran 20 per cent on loans made under his predecessor, Bascom Giles, said Rudder. Under the new administration they have dropped to one per cent.

Some 13,000 requests from veterans for loans now are pending before the land board. Present funds will stretch over only about 1,000. More money will be available if voters approve a constitutional amendment for a new \$100,000,000 bond issue at the general election.

## Rail Suit Ruling

Smithville, an old railroad town, lost another round in its prolonged attempts to retain offices of the Missouri-Kansas-Texas line.

An Austin district court upheld the Railroad Commission order permitting consolidation of Smithville and Waco offices.

Unique aspect of the case was the "all-star" legal line-up. A former Supreme Court Justice, James P. Hart, represented Smithville. Former governor Dan Moody represented the railroad. Texas' new "model insurance code" now is in full force and effect.

Last measure to be activated requires companies to have a minimum of 100 policyholders and \$200,000 insurance in force.

An Insurance Commission spokesman called the requirements "actually very easy to meet" and predicted almost 100 per cent compliance.

Target of the law are companies which, for tax purposes, have operated other type businesses under the guise of insurance firms.

Both Governor Shivers and Commission Chairman Byron Saunders have praised the state's insurance laws in recent statements. Saunders said Texas does not need "any additional reform measures," only "minor changes."

## Lose Accreditation

Eight Texas schools have been removed from the accredited list by the State Board of Education. In addition, the board warned 111

## Home Demonstration Club Meets at Gists

The Sunny Hill Home Demonstration Club met in the home of Bonnie Gist on Sept. 13.

The following officers for the year were elected: Mrs. Orva Henry, president; Mrs. Everett Culp, vice president; Mrs. R. B. Gist Jr., secretary-treasurer; and Mrs. Charles Quarnstrom, council representative and demonstrator.

Refreshments were served to Ester Quarnstrom, Mary Jane Miller, Myra Nell Culp, Leona Henry and the hostess.

other schools they must improve their standards.

Stripped of accreditation were Bexar County School for Boys, Carey (Childress County), Douglassville (Cass County), Houston Christian School, New Hope (Wood County), Scranton (Eastland County), Strong (Shelby County) and Sacred Heart (Cooke County).

These schools are ineligible to receive state money for vocational programs and superintendent pay. Their graduates must take entrance exams to enter college or another school.

## New Court Asked

Texas lawyers have been asked to help persuade the 55th Legislature to allot Travis County a fourth district court.

Dist. Judge J. Harris Gardner pointed out that he and the other two judges face hopelessly jammed dockets.

## Short Snorts

William H. Wood of Midland has been appointed by Gov. Allan Shivers to the State Board of Pharmacy. Wood succeeds Shine Phillips of Big Spring.

Eight more Texas counties have been designated drought disaster areas by the U. S. Dept. of Agriculture. They are Cass, Delta, Fannin, Gregg, Harrison, Marion, Smith and Upshur.

Furniture manufacturing is one of the fastest growing industries in Texas, expanding 10 times as fast as population. University of Texas Bureau of Business Research reported the state's furniture output increased from \$23,000,000 in 1939 to \$98,000,000 in 1955.

Texas will have 1954 new lawyers after next Monday when the Supreme Court will officially license those passing the most recent bar exam.

A \$16,000,000 increase in Texas farm income for 1957 has been predicted by the Texas Agricultural Stabilization Conservation Committee. This unofficial estimate was based on the belief that large numbers of farmers will take advantage of the new federal soil bank law.

## Eliminate Dampness In Fixing Decay

COLLEGE STATION—In repairing a wooden building damaged by decay, it is of primary importance first to determine the source of moisture that brought about the decay, and if possible remove it.

This advice comes from W. S. Allen, extension agricultural engineer. Wood will not decay when it is kept dry, says Allen. To decay it must contain moisture in an amount greater than 20 per cent of its dry weight. The decay is actually caused by fungi—tiny, threadlike plants which grow and carry on their destructive life processes only when sufficient moisture is present.

If the moisture condition in a damaged building cannot be fully remedied, the decayed parts should be replaced with a naturally durable type of wood or with wood that has been pressure treated with a wood preservative.

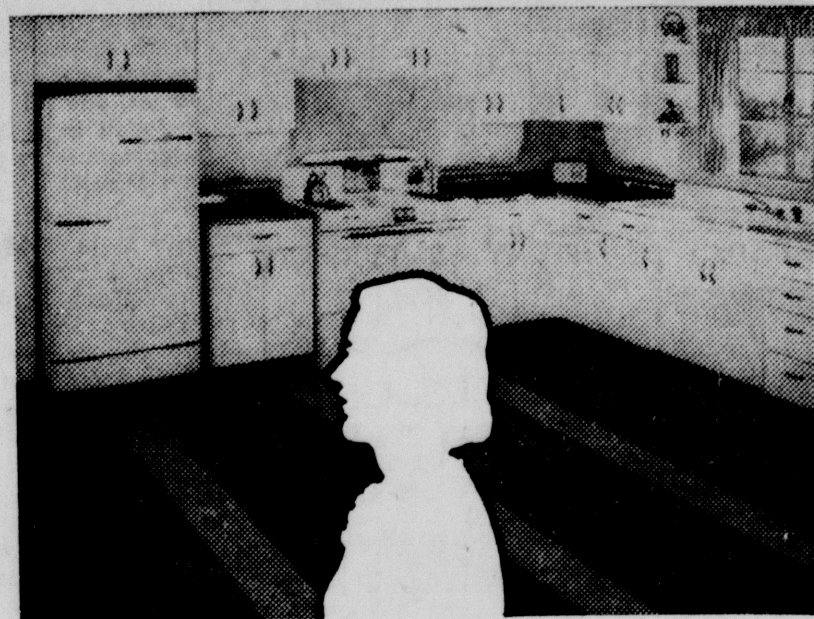

Brushing, spraying, or soaking wood with a wood preservative is worthwhile if the wood will be subjected to occasional wetting only.

In replacing damaged wood, it is advisable to remove material for a distance of at least two feet beyond any evidence of decay, because wood usually is infected beyond the point where rot is apparent.

If the source of moisture can be definitely eliminated, however, it is then necessary to cut only such wood as has been rendered unserviceable.

To prevent decay in new wooden buildings, it is important to build with dry lumber and use building designs that will keep the wood dry, or if that is impossible use wood that has been pressure treated with preservatives.

Indian Prime Minister Nehru scored as undemocratic the recent charges by Secretary of State Dulles and Vice President Nixon that neutrality verged on international "immorality."

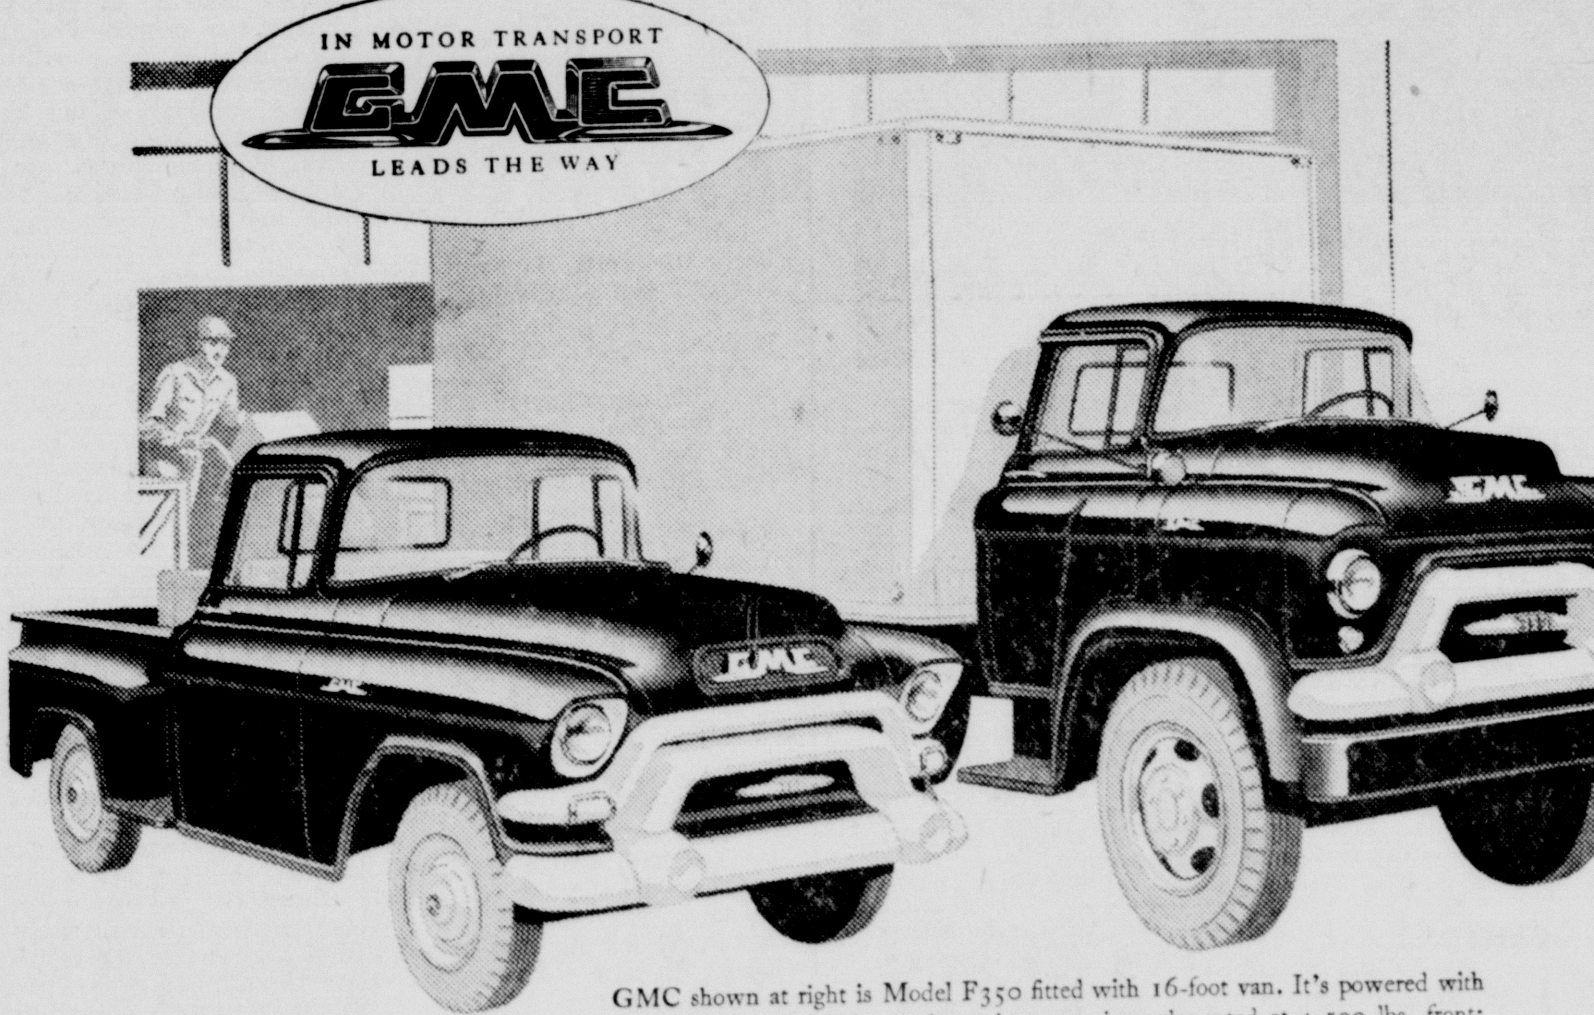

## How to put YOURSELF in the picture

Get an economical Appliance Loan from us, now, to finance the first basic unit of that up-to-date kitchen. Enjoy the added convenience as you repay from income — and when you're all paid up, come back for help with unit No. 2! Why not come in soon?

# Why settle for less than Blue Chip performance?

It doesn't take a new GMC owner long to spot the difference—especially if he's just switched from another make truck.

Take the way every Blue Chip GMC is "engined." An ultra-modern power plant gives him flashing response, sparkling road-pace—and record fuel economy.

Hydra-Matic\* is another eye-opener. Right away he appreciates its time and effort saving in traffic. And later on, he cashes in on the big maintenance savings.

And every trip he can carry a bigger load. For GMC chassis are rugged—GMC axles are extra-capacity.

So he hauls more—and hauls it comfortably. GMC

cabs are man-size and deep-cushioned. Recirculating ball-bearing steering makes handling free and easy. Close-quarters parking's a cinch with Safety Power Steering.\*

And at every stop, a Blue Chip GMC attracts admiring attention. With that distinctive boulevard styling, it's a smart advertisement-on-wheels for any business.

One for your kind of truck-work? Our truck specialists will help you select just the Blue Chip model that will do your job most profitably. And our truck servicing experts always stand ready to help you keep it a Blue Chip top-profit-maker. Drop in and get acquainted!

\*Optional at extra cost.

See us, too, for Triple-Checked used trucks

## Erdman Article To Be Included in Reader's Digest Booklet for Teachers

An article written by Loula Grace Erdman for Reader's Digest several years ago has been selected as one of six articles to be included in a 24-page booklet for educators to be published by Reader's Digest.

"I'm Going to Stick to Teacher," written in 1946 by Miss Erdman after she was awarded a \$10,000 Dodd-Mead-Redbook prize for "Years of the Locust," was selected for the booklet, according to a letter from J. Chandler Hill, advertising and promotion director of Reader's Digest Educational Department.

The purpose of the booklet is to point out to the teaching fraternity and parents the contributions that teachers have made to the profession and the pride which teachers should take in their occupation, Hill said. The booklet will be made available to prospective teachers, as well as superintendents, supervisors, in-service teachers and PTA groups.

The six articles selected for inclusion in the booklet were taken from all articles published in the magazine on the subject of teaching. Miss Erdman has written three books based on teaching, "Separate Star," "Fair Is the Morning," and "My Sky Is Blue."

The first of the two books had been published when Miss Erdman's Reader's Digest article was written. The third, "My Sky Is Blue," was published in 1953. All are included in Future Teachers

of America libraries, and are considered career novels for teen-age and college girls who consider teaching as a career. They are also included in education department libraries of colleges and used for outside reading assignments.

Miss Erdman has had articles in the NEA Journal, the most recent dealing with Amarillo Center, the English Journal and The Instructor, a teacher's magazine. A new book for young people, "The Wide Horizon," has recently been published.

In addition to her publications on teaching, Miss Erdman has been active in education circles. She is on the editorial board of Senior Citizen, devoted to adult education, along with Dorothy Canfield Fisher. The magazine is edited by Joy Elmer Morgan, former editor of the NEA Journal.

Miss Erdman was at one time president of the Amarillo Classroom Teacher's Association and the FTA chapter in Amarillo is named for her.

## AAUW Starts Year With Tea Planning

The Canyon branch of the American Association of University Women will open this year's activities with a board meeting at the home of the president, Mrs. Dan Sanders, at 2:30 p. m. Sunday.

The board will make final plans for the tea for new members which will be held during the last week of September, and for the year's program which will be presented at the October meeting.

For the first time, the Canyon branch has prepared yearbooks showing the activities and interest of the association and of the study groups within it. According to the schedule, there will be several Saturday luncheons, serving as business meetings and presenting programs of interest to the whole club.

In addition there will be study groups, meeting at various times during the month. For the first time, some of these will meet in the afternoons, and some on different evenings so that members may attend several if they wish. Mrs. Sanders urges groups of women who would like to follow one line of investigation or one hobby which has not been on the schedule to get in touch with her.

Often a new study group can be built around such a nucleus. An international relations section, a play reading section, a music section, a social studies section, conversational French and interior decorating are already organized.

All women who have completed two years of college in a school recognized by the American Association of University Women are eligible for membership in the organization. Most liberal arts colleges and universities are recognized and some professional schools are. Mrs. Cecil Simms, membership chairman, urges college women to call her at OL5-3552 or to call Mrs. Ples Harper at OL5-3755 to check on the eligibility of ex-students of their particular alma mater.

Since the AAUW was founded to encourage wide general education for women, they limit their membership to women who have attended schools of that kind. Ex-students of West Texas State College are eligible, of Texas Tech, North Texas and of the universities from all parts of the United States and from abroad and comparable schools as well.

AAUW officers for this year are Mrs. Dan Sanders, president; Mrs. Cecil Simms, vice president in charge of membership; Dr. Mattie Mack, vice president in charge of program; Mrs. Lee Gilmore, secretary; Mrs. Bill Lee, treasurer.

Members of the board in charge of special interests are Mrs. Charles Harter, education; Dr. Ina Barlow, international relations; Mrs. Lowell Harrison, social studies; Mrs. George Blackwell, social studies; Dr. Ruth Lowes, legislation; Dr. Hattie Anderson, fellowship; Gladys Armstrong, historian; Mrs. Harper, publicity; and Mrs. Clay Cooper, hospitality.

A boy was born to Mr. and Mrs. Carl Ray Lee of Canyon on Sept. 15.

Mr. and Mrs. O. S. Frazier of Canyon are parents of a girl born Sept. 16.

Mr. and Mrs. Archie Dean Davis of Canyon are parents of a girl born Sept. 18.

It's a boy for Mr. and Mrs. Ira Garnett Prichard of Canyon on Sept. 19.

## Refugees

Thirty states and the District of Columbia received passengers from the refugee ship scheduled to arrive at New York Saturday morning, Sept. 8. It was the 17th crossing of the U. S. Navy transport, The General Langfitt, under charter to the Intergovernmental Committee for European Migration (ICEM).

The Langfitt left Bremerhaven, Germany, Aug. 30, with 1,252 passengers. Of these, 1,237 come under the Refugee Relief Act — emergency legislation that expires Dec. 31. The 15 others come under regular quotas of the Immigration and Nationality Act, the basic immigration law. Next arrival of The Langfitt is scheduled Oct. 3. The ship will continue in ICEM service into 1957 for those visaed (through Dec. 31) under the Refugee Act. (Other refugees continue to come by air or as passengers on regularly-scheduled ocean transportation).

As of Aug. 24, visas issued under the Refugee Relief Program totaled 140,566. This is an increase of 107,724 since June 1, 1955. The Refugee Act enacted in 1953, provides for the issuance overseas of 209,000 non-quota visas.

Going to Texas are Emil Sauer, 36, USS, lathe operator, wife Adele 31, child Wolfgang 2, LRS, bound for Dallas, and Miloslav Stransky, 31, CZE, mechanic AFCE, bound for Temple.

Mrs. R. D. Lowry returned Monday night from Oklahoma City where she had been spending a few days with two of her nephews, Mr. and Mrs. Oliver Qualls and Mr. and Mrs. Jack Qualls. She visited the capital while there and "had a most enjoyable time."

Mrs. R. H. Francis of Perryton spent the weekend with her daughter and family, the L. E. Gums.

Marie Cooper At Two Beauty Meetings

Mrs. Leo Cooper of Marie's Beauty Salon was with the National Beauty and Trade show of Hair Styling in the Statler Hotel in New York last week. She appeared on two TV shows—Will Rogers, where she was interviewed, and the \$64,000 challenge where she helped with hair styling.

She was one of six judges in the national hair styling contest.

Mr. and Mrs. Cooper flew to Wichita Falls last weekend where Mrs. Cooper was commentator for the Master of Ceremonies at the Beauty Clinic. She was one of three judges at the contest.

Mr. and Mrs. Mickey King and daughter, Twyla Ann, visited Mr. King's sister in Reno, Nev., and sister in Walnut Creek, Calif., for the past two weeks.

Mr. and Mrs. Ray Fullerton spent last week in Houston visiting Mr. Fullerton's relatives.

## Bufs--

(Continued from Page One)

through guard. Rhoten's kick was low.

The Herd scored a safety early in the second period when Charles Scallorn, Corpus halfback, was trapped in the end zone and ran out instead of being tackled. Harold Lamb, WT tackle, recovered a Tarpon fumble later in the first half on the visitors' 17. Three plays later, the Bufs scored with Rhoten taking it the last five yards. Tommy Coffey converted and it was 15-0 at half.

Wiley went three yards for the third West Texas score with six minutes gone in the third stanza. A 32-yard pass from Bobby Davis to Don Beck was the big gainer in the march. Coffey again converted. Later in the quarter, Loftis, a member of the third unit, rambled six yards for the last WT score. He also booted the extra point.

Corpus counted its only touchdown midway in the last period when Adolph Knebel, the team's leading gainer, went 11 yards to end a long march. The extra point attempt was low.

## Costume Jewels for Fall Are Large, Colorful

BY EDNA MILES

INSPIRATION for this fall's fashion jewels come from the elegant 1912 look of ready-to-wear. Beautiful Edwardian mauves, greens, yellows, blues and pinks shine in iridescent rhinestones that have a new brilliance.

These stones appear in bibs, large button earrings, and matching bracelets. The same beautiful colors are also used in shining crystals that have jeweled motifs.

Perfect companions for the high-necked dinner and cocktail dresses are big rhinestone pins in these shining, pale colors. They're meant especially for the simple black sheath that takes to one single, dramatic touch.

There are many golden-toned pieces set with rhinestones. A golden-tone collar in lacy design, for instance, is exactly right for black. And for the dress with low-cut back, there are shining golden pins touched with rhinestone. Place one at the base of a low-cut V for dramatic emphasis.

Pearls are combined with golden-hued metal this fall for spectacular shell pins and earrings. And there are large, baroque, colored pearls in interesting shades of white, gray or bronze.

(Jewels by Trifari)  
Open the jewel case proffered by Autumn and out will come lovely accessories such as those pictured above. Large and colorful, the costume jewelry pieces for fall make especially stunning accents for the season's simple, black dresses.

### Clarks Celebrate Golden Wedding

Mr. and Mrs. D. P. Clark celebrated their Golden Wedding anniversary with a family dinner in the home of their daughter, Mr. and Mrs. Gene Morrison, on Sunday, Sept. 16.

The serving tables were covered with imported white satin cloths and were centered with huge bouquets of golden mums.

Mr. and Mrs. Clark were married Sept. 16, 1906, in Crandall, Texas. The ceremony was performed with the couple seated in a buggy on a street corner. They made their home at Forney, Texas, until 1921 when they moved to Plainview. They lived there until 1933 when they moved to Canyon. Mr. and Mrs. Clark are the parents of five daughters. One daughter, Mrs. C. G. Brasher, of Plainview, died in December, 1954.

The four surviving daughters, 11 of the 17 grandchildren and 9 of the 11 great-grandchildren helped the Clarks celebrate their anniversary.

Those attending were Mr. and Mrs. Floyd Brasher and Jimmy, Mr. and Mrs. Ray Hawkins, David, Phil and Don Gene, Mr. and Mrs. Gene Morrison and Gene Vaughn, Mr. and Mrs. Lynn Williams, Steve and Ronnie, Mr. and Mrs. Gordon Williams, Diane and Janet, all of Canyon.

Mrs. Lee Wortham, Mr. and Mrs. Wallace Huff, Linda, Mike and Jamie, Mr. and Mrs. Bob Hudson, and Mrs. June Phipps and Judy of Amarillo and Mrs. Elmo Edmonds of Happy.

Mr. and Mrs. J. J. Boling visited Sunday with their son, Billy Ray Boling, and family, in Perryton.

### Fairview Breezes

Brother Billie Jo Hall delivered two excellent sermons for us Sunday.

The new officers in the Sunday School took over their duties Sunday morning. Mr. Johnston acted as new elective superintendent.

Mr. and Mrs. J. W. Wesley and Mr. and Mrs. Woodrow Wesley attended the football game at Plainview Friday evening. The game was between the Littlefield Wildcats and the Plainview Bulldogs in the new stadium.

Visitors in the G. E. Wesley home Friday evening were Mr. and Mrs. Frank Rogers and F. O. Amerson.

The John Pattersons have had relatives visiting them from California.

Mrs. Charles Wilson has been at the home of her parents in Amarillo the past several days to be near the hospital.

Mr. and Mrs. E. M. Wilson are caring for Vickie Linn and Roger Lee while their mother is in Amarillo. The former Lucille Legate and her husband are the proud parents of twin girls. Lucille is the daughter of Mr. and Mrs. Albert Legate and a granddaughter of Charles Sutton.

Mr. and Mrs. Jack Sutton have been entertaining relatives from Kansas. They returned home Saturday.

Mr. and Mrs. E. E. Wesley and Susie visited in the paternal J. W. Wesley home Saturday night and Sunday.

Brother and Mrs. Hall visited Sunday with the John Pattersons and Oscar Reads.

Friday is Home Demonstration Club day and it will be election of officers. Mrs. Mona Hildreth will meet with us. The meeting will be with Mrs. Oscar Read. We want to urge everyone to be present.

Jim Carr of Canyon visited Sunday afternoon in the J. W. Wesley home.

Mr. and Mrs. Woodrow Wesley visited Mrs. Ella Hext Saturday evening.

### Favor Amendments At Club Meeting

Discussion of two proposed amendments to the Texas Constitution was the theme of the first meeting of the year of Pi Chapter of Delta Kappa Gamma, international organization, Saturday in Amarillo High School.

Mrs. N. N. Whitworth spoke in favor of Amendment Four, the teacher retirement amendment. She emphasized the importance of acquainting the lay public with the amendment and listed ways that Delta Kappa Gamma could help persuade voters for the amendment.

Judge W. N. Stokoe, in speaking for Amendment Seven, the amendment for mental health, pointed out that Texas is the only state in the United States which demands trial by jury for the commitment of its mentally ill to a psychopathic institution.

He said that passage of the amendment would not bar the patient from trial by jury, but would simply allow him the right to waive such trial.

Both speakers were introduced by Lola Campbell, program chairman. The chapter collect was given by Mrs. T. C. Sparks. Madelyn Robinson led group singing, accompanied at the piano by Mrs. Jennings Flathers. Alice Payne is president of the chapter.

### Capt. Eneboe Joins WT ROTC Staff

A fourth regular Army officer has been assigned to the West Texas State College Reserve Officers' Training Corps unit. He is Capt. Edward S. Eneboe, a West Point graduate.

Capt. Eneboe is the second officer to join the unit here this summer. Lt. Col. Edward L. Lindsey was named to head the unit at professor of military science and tactics. Other officers are Capt. Harry Ball and Capt. Garland McSpadden.

The new officer came from Fort Meade, Md., where he served a year with the Second Battalion, Second Armored Cavalry. Capt. Eneboe was graduated from the United States Military Academy in 1945.

He attended a tank destroyer school at Fort Hood, Texas, before going overseas to Germany with the Fourth Armored Division.

After a three-year tour in Germany, Capt. Eneboe returned to the United States for tours at Fort Ord, Calif., the Command and General Staff College at Fort Leavenworth, Kans., and the Armored School at Fort Knox, Ky. He returned to Germany for another three-year period before being assigned to Fort Meade.

A native of South Dakota, Capt. Eneboe is married and has four children, Nancy, 10, Cheryl, 7, Edward, 5, and Bruce, 17 months. The Eneboes live at 2417 Eighth Ave. in Canyon.

### Bob Wear Speaks At Kress School

Bob Wear, minister of the Central Church of Christ, will be the dedicatory speaker for the official opening of a new \$375,000 school building in Kress Friday.

His subject will be, "An Investment, Not an Expense." The building will house 20 classrooms for the elementary grades, a cafeteria and a gymnasium.

QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE

## A Sport Reports

By DICK KRANZ

Canyon's Eagles continue to dominate play in District 1-AA but the Muleshoe Mules and the Olton Mustangs can also boast undefeated records in the first two weeks of the season.

The other three members of the district, the Tulia Hornets, the Dalhart Wolves and the Dimmitt Bobcats are still seeking their first victory.

Harlie Adams of Canyon with seven touchdowns, scoring five in last week's victory over Hereford, is the leading scorer in District 1-AA. Adams has 42 points, while Bill Black of Muleshoe is second with 25 points; Don Britain of Canyon, third, with 24; Jack Royce Straw of Olton, fourth, with 22; and John Young of Muleshoe and Roy Suddarth of Dalhart, tied for fifth, with 19 points each.

Of the 39 touchdowns scored by the six district 1-AA elevens, 34 have been made on the ground and just five by passing. Byron Lewis of Tulia, A. L. Pruett of Canyon, Dickie Johnson of Muleshoe, Truman Touchstone of Dimmitt and Ron Ledbetter of Dalhart each have thrown one touchdown pass this season.

The longest touchdown scored by district members was a 68-yard run by C. L. Dunn of Dimmitt who had intercepted a pass. The longest TD's from scrimmage have been by Adams of Canyon and David Price of Olton, each having one 54-yard caper.

Adams, by the way, has gained 338 yards in 34 carries in two games for an average of 9.9 per try.

Records of District 1-AA teams are: Canyon 2-0; Muleshoe 2-0; Olton 2-0; Dalhart 0-1-1; Tulia 0-2; Dimmitt 0-2.

All the Border Conference and Southwest Conference teams will be in action Saturday. There will be traditional battles and inter-sectional affairs. It's a very attractive slate.

Panhandle football fans will, of course, be interested in the battle between the McMurry Indians and the West Texas State Buffaloes at Canyon Saturday night and the clash between the Texas Western Miners and Texas Tech at Lubbock, also Saturday night. Both were great games last year.

Last season West Texas edged McMurry, 6-0, in the mud and Texas Tech and Texas Western fought to a 27-27 tie. In 18 games, West Texas has a 9-8-1 record with McMurry.

Southwest Conference games which will attract the most interest will be Notre Dame at Southern Methodist, Southern California at Texas, and Baylor at California.

The television diet for sports fans will be: Kentucky vs. Georgia Tech Saturday afternoon over

## Homemaker Owes Herself Some Pampering

By DOROTHY MADDOX

FOR the sake of the homemaker, family meals should be made easier. If you cook the family meals, pamper yourself. Do as much of the cooking as possible in the early morning hours. Plan easy and nourishing meals that are high in flavor appeal but low on last-minute time in the kitchen. Plan for easy service, too. Try a simple buffet with individual trays, some one of these times. This service is particularly adaptable to outdoor eating. Plenty of fried chicken in a toasty coating of enriched, yeast-raised bread crumbs, plus onion butter rolls satisfies real he-man appetites. And fresh fruits, so abundant now, make a refreshing salad or dessert for this easy-on-the-cook meal.

If the man in your life fancies himself as an outdoor chef, this chicken recipe is superb as cooked on an outdoor grill.

### French-Fried Chicken (6 servings)

Six slices enriched yeast-raised bread, 1 egg, 2 tablespoons milk, 1 tablespoon salad oil, 6 chicken parts (legs and breasts), ½ teaspoon salt, pinch of pepper, ¼ cup flour. Trim crusts from very dry bread. (Fresh bread may be dried out in a very slow oven.)

French-fried chicken, onion butter rolls and fresh fruit salad blend flavors in a tasty, easily prepared meal for the family.

Grate bread to make fine crumbs. Sift to remove coarse pieces.

Beat egg slightly with a fork, blend in milk and salad oil. Remove skin from chicken parts. Sprinkle chicken with salt and pepper. Roll in flour then egg mixture and finally in bread crumbs.

Fry in deep hot fat (365 de-

grees F), turning once, until golden brown.

### Onion Butter Rolls

Melt butter in a saucepan. Add minced green onions and saute until soft. Cut enriched, yeast-raised frankfurter rolls in half. Spoon on onion butter and broil until brown.

## Wayside News

Rev. Merle Weathers filled his regular appointments Sunday and was the dinner guest in the Floyd Adams home.

W.S.C.S. met at Vigo Park Tuesday afternoon. The topic was "The Spirit of Christ for All of Life." Mrs. Charles Kiker was leader. Those present were Mrs. Joe Leath-erwood, Mrs. Chester Burnette, Mrs. John Culwell, Mrs. Charles Kiker, Mrs. Leroy Roberts, all of Wayside.

The 4-H Club boys showing their gifts at the county fair last Saturday were Sam and John Cummins, Less Adams and Royce Modisette. Sam and John won second place and Royce won fourth at Claude.

Mrs. Leroy Roberts, Princess and Deltah, attended the Tulia fair Friday.

Mrs. George Denny is working in Lane's store.

Several from Wayside attended the Armstrong County Fair at Claude last Saturday. Mrs. W. C. McGehee won first, second, and third on her dahlias. Mrs. Leroy Roberts showed an extra fine watermelon weighing 65 pounds; the E. J. Mahler family won six blue ribbons on rhubarb, shelled pinto beans, green beans, roasting ears, early pod okra and a centerpiece of plaster of paris. Patsy Schrib won first in baking in 4-H club work.

Mr. and Mrs. Tom Payne, Shelia, Tim and John of Amarillo spent the weekend in the E. J. Mahler home.

The 4-H Club girls served lunch to the large crowd at the Viola Stockett farm sale.

Mr. and Mrs. W. R. Franklin were Canyon shoppers Saturday afternoon.

Mr. and Mrs. W. R. Stockett were Tulia shoppers Friday.

## SOIL CONSERVATION DISTRICT NEWS

Productive land is very essential to the continued growth and prosperity of the country. Most countries do not have enough good land now; they have wasted too much of it in the past.

Good topsoil and water are the main things that make land productive. To keep the top soil in place you should protect it during the blowing season by some of the following practices: By having some

close growing crop, such as vetch, Austrian winter peas or mixtures of rye and vetch; by leaving a good cover of stubble such as maize, sorghums or wheat.

Another way is to stubble mulch the land; that is, working the stubble by chiseling and leaving some standing and some worked into the top part of the soil.

Bare soil is a blow hazard and will be hard to control by mechanical means.

If you would like to conserve your soil and get maximum production contact your local Soil Conservation District or The Soil Conservation Service Technicians assisting the Randall-Potter SCD to obtain help in planning a sound soil and water conservation program.

Friday's District 1-AA schedule: Perryton at Canyon; Tulia at Lockney; Dalhart at Tucumcari, N. M.; Olton at Littlefield; Dimmitt at Hale Center; Morton at Muleshoe. Last weekend's results: Abernathy 27, Tulia 7; Guymon, Okla., 33, Dalhart 13; Canyon 46, Hereford 13; Muleshoe 20, Olton 19; Olton 33, Floydada 13; Lockney 27, Dimmitt 6.

BORDER CONFERENCE teams' schedule Saturday: McMurry at West Texas State; Texas Western at Texas Tech; Hardin-Simmons at Arkansas; New Mexico at New Mexico A&M; Wichita at Arizona State; Wyoming at Arizona. Last weekend's results: West Texas State 29, Corpus Christi 6; Arizona 27, Montana 7; Tulsa 27, New Mexico A&M 6.

Southwest Conference teams' schedule: Hardin-Simmons at Arkansas; Southern California at Texas; Notre Dame at Southern Methodist; Baylor at California; Alabama at Rice; Texas Christian at Kansas; Villanova at Texas A&M. No games last weekend.

### Marshall and Long Attend Austin Meet

Mary Gladys Marshall attended a statewide public relations meeting in Austin last weekend as the representative of the Canyon High School Future Homemakers of America. Mrs. Clara Long, FHA advisor, accompanied her. They made the trip by plane.

The meeting was in cooperation with a meeting of the state FHA officers. Reports of the national FHA meeting were given. Plans were made for the state FHA meeting which will be held in April. Workshop groups were organized for each area of work.

The public relations group worked on a state handbook that will be published and given to all FHA members.

Mrs. J. J. Boling was in Dimmitt Saturday for a Delta Kappa Gamma meeting when the Dimmitt teacher members were hostesses to the Delta Xi Chapter for a workshop meeting.

Exports of farm goods rose 10 per cent in year.

Canyon, Texas

# Around the Town . .

By MRS. CLYDE W. WARWICK

Mr. and Mrs. Lee Foster and their daughter, Sally, have moved into their new home at 1201 Fifth Avenue. The house is constructed of wide clap boards painted grey with a lighter grey roof, the shutters and trim white. A curved walk leads to an attractive front door. On the inside, Margaret has combined the old and the modern in a most pleasing and attractive way. The living and dining rooms open together except for a small dividing wall which is finished at the top with spindles that came from the stairway of the old Fred Scott home which was demolished not long ago. These are spaced to make room for some of the bric-a-brac Margaret has collected through the years she has been keeping house. These two rooms are carpeted with a green carpet; the walls are a lighter green.

In the dining room, Margaret has refinished a small side table that Lee's parents started house-keeping with. Modern fixtures and lamps add charm to these rooms. In the kitchen and den, she has used mahogany finished driftwood for paneling and chartreuse paper

touched up with copper in the kitchen and gold in the den. Both rooms open out doors, to what will be a patio between the house and the garage. Margaret's great pride in the kitchen is the vent-hood over the stove, which quickly removes all odors of cooking from the house, and the many cupboards. In the den she has hung over the divan a group of Curriers and Ives prints framed in gold. These bring out the gold in the paper and paneling. On the wall behind a platform rocker, which belonged to Mr. and Mrs. W. F. Heller, pioneers of Canyon, hangs an old clock of Lee's mother, which Margaret took the works out of, and now uses as a shadow box to frame a bowl of ivy. The den also doubles for a guest room, the couch making a bed. It has a large closet for coats.

A hall leads to the two bedrooms and the bath. Sally has her own bathroom which opens directly off her bedroom. Both bedrooms have well planned closets, with a place for everything. Margaret even has a special shelf for her purses. In Sally's room, her four poster bed has a lovely ruffled bedspread which Margaret made—"96 yards of hemming and ruffling," Margaret said.

The Fosters have lived in Canyon 29 years. Lee's parents, Mr. and Mrs. R. W. Foster, moved here in 1890 and Lee was born in Canyon.

Margaret came from Memphis to attend WTSC and she and Lee were married in 1927. Their daughter Sally is now a sophomore in Canyon High. Lee is Tax Assessor and Collector for the Canyon Independent School District. In their 29 years of married life the Fosters have taken an active part in activities for the betterment of Canyon. They are members of the Presbyterian Church where Lee is an elder and Margaret has played the organ for the choir for 29 years.

It is in their church, perhaps, that they have given their greatest service. Beside her choir work Margaret has played at countless weddings, funerals and special occasions, both have given freely of themselves to their friends in times of sorrow and happiness, and their many friends are happy with them in their new home which already has the air of a loved and lived-in home.

In May of this year Margaret received her M.A. degree from WTSC. This winter she is official substitute in the speech department

of the Amarillo High School. Last winter while working on her degree she found time to give 14 book reviews and will do book reviewing again this winter.

Blessed is he who has found his work; let him ask no other blessedness. He has a work, a life purpose. Labor is life. Carlyle.

Wes Izzard has the knack of hitting the nail on the head but he never hit it squarer than when he said this: "One thing you can say for children, they never bore you with pictures of their grandparents."

"I thank Thee just for life, The chance to live, To be alive! So great Thy gift, If Thou dost nothing give Beside, it is enough, To breathe Thy air, To walk this mountain sod, To feel the play of mighty winds, To look Thee in the face, And call Thee God!" —R. S. C.

School has started and many an anxious little dog looks sadly up and down the street waiting for his/her mistress/master, while many a little boy/girl begins whistling a block away for his/her dog . . . dashing in the house hollering "Hey! Mom, I'm home," pausing only to raid the icebox on his/her way to the back yard for a joyous, happy reunion with their dog. A man has a way with a maid . . . yes . . . equally true, a dog has a way with children. There is no more touching sight than the devotion of a dog. It would be hard to value the influence of pets on children. It has been said that no boy who belonged to the Boy Scouts, or played in a band, or loved a dog has ever appeared in Juvenile Court.

I met Mrs. J. S. Harrison at the grocery store, the other day, she had a cart full of cabbage, peppers and other vegetables and I asked her what she was doing with all of them, and she said she was making relish and gave me her recipe:

2 medium sized heads of cabbage  
8 red or green bell peppers (Mrs. Harrison said she uses some of both).  
8 medium sized carrots  
12 large onions  
Grind all in food chopper, add 1/2 cup salt, let stand for 2 hours. Drain and mix with three pints of vinegar  
1 ts celery seed  
6 cups sugar  
1 ts mustard seed  
This requires no cooking, keeps without sealing. Mrs. Harrison says she always seals hers. It makes 10 or 12 pints.

Mr. and Mrs. Harrison live at 1300 4th Ave. They came to Canyon September, 1904, from Wilson County, Tenn., about 30 miles east of Nashville, and have lived here ever since. Mr. Harrison is an invalid and is totally blind. He fell and broke his hip July, 1952. He can get around with crutches, but said he cannot take a step without them. He enjoys radio, but cannot see TV. Their only living son, Frank, lives in Amarillo. They have two grandchildren, Billie, who is with the Marines in Japan, and Bobby Ann, who is married and lives in Amarillo. Bobby Ann is Mrs. Lee Ghulsky.

Mr. Harrison was caretaker at WTSC for 31 years, 2 months, 4 days and 4 hours before he became ill. Here his friendly manner won the love of the workmen and students. He was lovingly called "Uncle." Mrs. Harrison has this same friendly, interested manner. She always has a cheery smile and a kindly word for all.

Bob Wear, minister of the Central Church of Christ, who writes a column in the Amarillo Globe-News, has this piece of advice: "We must learn that it is impossible to do better than our best,

and if we continue to compete in areas beyond our capacity to perform, we will greatly decrease our happiness by the continuous frustrations. In this atmosphere of competitive living, we must develop a wholesome attitude toward both success and failure.

Sane competition will encourage the greatest personal accomplishment, and greatly strengthen our social structure."

Gov. Frank Clement of Tennessee found to his sorrow that the American, though he can be temporarily swayed by oratory, in his sober, thinking moments rejects the man who tries to cling to the hand of the Lord while he vilifies and insults the opposition leaders who are presumably as honest as he is. He was booed when he got off the train at Nashville and is doing some sober thinking on how to regain the ground his keynote address cost him.

"Truly the light is sweet, and a pleasant thing it is for the eyes to behold the sun."—Ecclesiastes 11-7.

U. S. stockholders are reported to exceed 10 million.

## J.W.B.C. Holds Initial Meeting

The Junior Woman's Book Club held its initial meeting of the year on Sept. 14 in the museum club room with Mrs. H. R. Fulton Jr., presiding. After the reading of the Club Collect in unison, the roll was called with 22 members answering.

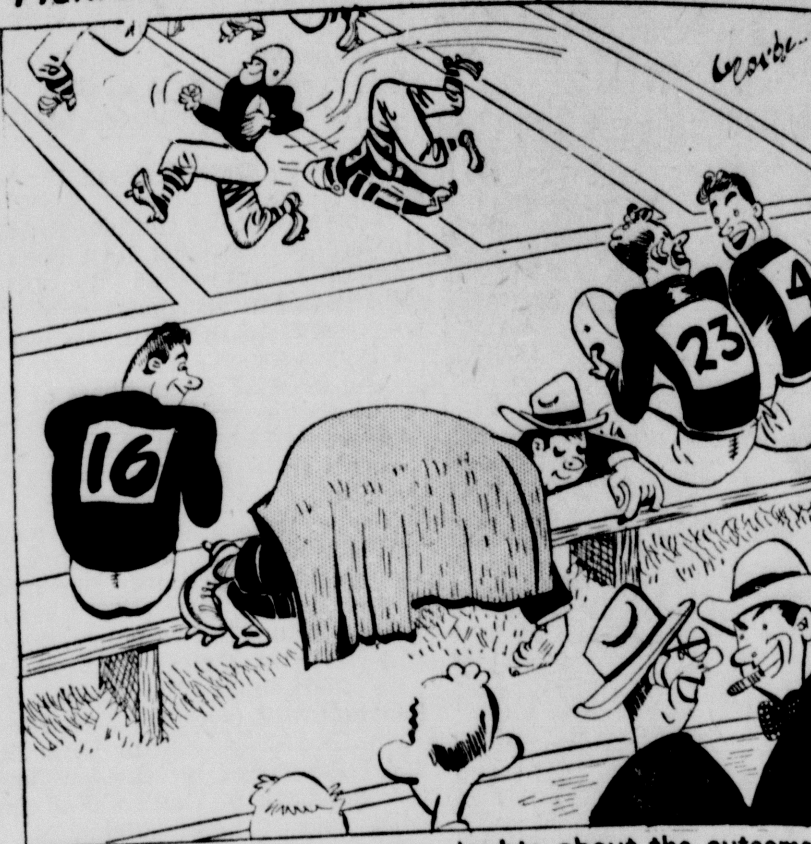

During the business meeting committee reports were heard and a tentative budget presented.

Mrs. Bob Lindsey introduced the course of study for the year. A skit presenting diagnosis, prognosis, and cures for club ills was presented by Mrs. Bruce Winn, Mrs. Kenneth Erwin and Mrs. Dudley Moore.

Present were Mrs. Emilio Caballero, Mrs. Winn, Mrs. Lindsey Taylor, Mrs. Don Standley, Mrs. Lindsey, Mrs. Bob Black, Mrs. Ellsworth Barnard, Mrs. Bill Davis, Mrs. Albert Craig, Mrs. Erwin, Mrs. Moore, Mrs. R. B. Gist Jr., Mrs. Harold Erwin, Mrs. Truett Hull, Mrs. Richmond Hales, Mrs. W. J. Wooten Jr., Mrs. Bob Bellah, Mrs. J. C. Bellah and Mrs. Michael Morris.

# Eagles Butcher 3-A Hereford 46-13

A 27-yard scoring run followed in 12 seconds by an intercepted pass with a 32-yard touchdown return broke the back of the Hereford Whitefaces Friday night as the District 1-AA Canyon Eagles butchered the 3-A team 46-13.

The two quick scores came early in the third period. But the half-time score gave Canyon the winning edge—it was 20-6, with the last score coming only 27 seconds before the game paused for the half.

Hereford controlled the ball for the first half, holding the ball 41 plays while Canyon had only 23 plays—but those plays counted, with three touchdowns.

Fullback - halfback Harlie Adams was an Eagle whirling dervish for Canyon, scoring five touchdowns, raking in an even 240 yards rushing in 17 carries, and intercepting the scoring pass. His four rushing touchdowns came on runs of 54, 27, 43 and 3 yards.

Eagle halfback Don Britain scored in the second quarter with a one-yard touchdown punch, and kicked four extra points out of seven tries.

End Larry Brandon scored for Canyon just before the half on a 13-yard pass into the end zone from quarterback A. L. Pruett, the only completed pass for Canyon in the game.

Whiteface scores came in the first and fourth quarters. On the first touchdown, fullback Bobby Viegell punched over from the three to climax a drive of 72 yards. In

the fourth quarter, Ed Schroeter ran 24 yards for the score to end a 63-yard drive in five plays. Quarterback John Bryant's extra point try was good.

The game started with Hereford receiving the ball, and keeping it for 11 plays and more than four minutes. They moved the ball from the Hereford 18 to the Canyon 42 before being forced to kick all the way to the goal line, where Adams snagged the ball and ran it back to the 26.

Adams and Britain moved the ball to the Canyon 42 in two plays, then an offside penalty moved it to the 46. Adams then took the ball off tackle, slid through the secondary and raced 54 yards for the goal, scoring when the game was only 4:57 old. Britain's extra-point kick was no good.

Hereford took the ball again and moved it from the Hereford 25 to the Canyon 44 with a Bryant-to-Duffer pass that was good, then settled down for a grind. To end a series of 14 plays, Viegell made the first Whiteface touchdown from the three with only 25 seconds to play in the first quarter. His own extra-point try was no good.

The Eagles had time for one play after the kickoff and before the quarter, but Pruett was forced to kick from the Canyon 34 to the Hereford 30 at the end of the single series of downs.

The ball was returned to the 33, and Hereford began grinding again, moving from there to the Canyon 17 in 13 plays, only to lose the

ball on the 17 when Viegell fumbled.

Capitalizing on the bobble, the Eagles began a grind of their own. Using Adams, Eddie Boydston, Charles Neblett and Britain, the Canyon team moved from their own 17 to a touchdown in nine plays. The series was sparked by runs of 18 and 14 yards by Neblett.

Britain capped the drive by the conversion to give the Eagles a one-yard plunge and made the 13-6 lead with 2:40 left in the second quarter.

Canyon kicked off, and on the first play from scrimmage, Hereford's Schroeter fumbled and lost the ball on the Whiteface 29. The Eagles started for the goal, moving to the three where Adams fumbled and lost the ball to Hereford.

Hereford moved it back to the 13 only to fumble and lose again. Pruett then threw the touchdown pass to Brandon for the third Eagle score almost under the half-time gun. Britain converted for a 20-6 lead.

Receiving at the beginning of the second half, Canyon took the ball from the Eagle 40 to score again in four plays. Adams crowned the drive with a 27-yard run as the clock showed only 1:41 gone in the third quarter. Britain's kick was no good.

Hereford took the return kickoff and Bryant tried a pass from their own 26. Adams snagged the ball on the 32 and raced through the Whiteface team to the goal line for the fifth Eagle touchdown—only 12 seconds after he had

made the fourth. Britain's kick was good to make the score 33-6. Canyon capitalized on another Hereford fumble, when the Whitefaces had moved the ball from their 30 to their 43. Adams took the ball on the first Eagle scrimmage play and ran 43 yards for the sixth Canyon score and his own fourth of the night. Britain's kick was no good, but the quarter was only 5:05 old.

For the third time, Canyon capitalized on a Hereford fumble, this time on the Hereford 39.

Britain, Adams and Boydston moved the ball to the three and Adams went over for his fourth score. Britain kicked for the extra point for a score of 46-6 and there was still 2:51 left in the quarter.

Hereford ran out the clock in the quarter, moving the ball from their 23 to the Canyon 35, kept it at the beginning of the fourth quarter to inch it all the way to the Canyon two.

The Eagle defense held Hereford to no gain on one play at the two-yard line, then knocked the Whitefaces back to the five and took over on downs.

Canyon moved the ball to the 27 and Pruett began a series of

three punts, two being called back by off sides penalties, one for each team. His third kick was good to the Hereford 47.

Schroeter, Bryant and Viegell pushed the ball to the Canyon 24 and Schroeter ran from there for the second Whiteface score. The clock showed 4:57 left in the game when Bryant's good kick made the score 46-13.

The remaining minutes of the game belonged to Canyon, with substitutes handling most of the offense.

Statistics of the game were:

	C	H
First Downs	20	23
Rushing Yards	374	258
Pass Attempts	3	13
Completed	1	4
Passing Yards	13	99
Intercepted by	2	0
Punts	2/31	1/42
Fumbles Lost	1	2

## Marshall Heads FHA Chapter

The local Future Homemakers of America chapter elected officers for the year last week from a slate of officers suggested by the nominating committee headed by Theresa Mickey.

Mary Gladys Marshall is president; Pat Hardaway, vice president; Louise Higdon, secretary; Fanita Marshall, Mary Sue Bolton and Margaret Juniper, corresponding secretary; Carolyn Campbell, treasurer; Gayle Welch and Sheila Caldwell, junior and senior treasurer; Sally Foster and Patricia Downing, sophomore treasurer; Gayle Rogers and Marla Free, freshman treasurer; Mayla Atkinson, reporter; Rita Joyce Grabbe, assistant reporter; Suzanne Sims and Judy Taylor, sergeant-at-arms; Beverly Henson, song leader; Suzanne Lemons, pianist; Nancy McCormick, historian.

Billie Miller and Gwen Kelso, public relations; Marcus Robinson and Vonda Latham, state degree; Ann Jarrett, chapter degree; Margaret Johnson, junior degree; Sondra Hines, national projects; Joyce Shelnutt, state projects; Theresa Mickey, publication adviser; Almeta Howard and Karel Johnson, food concession.

Officers will be installed at the October meeting. Freshman members will be initiated, and yearbooks will be handed out at the meeting.

## 2,454 Fans See Football Game

A total of 2,454 persons entered the gates at the Canyon-Hereford football game Friday night, according to a report of the gate receipts of the game.

Of the total, 381 were members of the two bands, gate and concessions workers, press and scouts for other teams. The total paid admission was 2,073. Adult tickets totaled 1,291 and 782 students tickets were sold.

E. A. Oberst Sr. returned Friday from a five week trip where he visited his son in Bel Air, Md. and Mr. and Mrs. Bob Patterson, nee Ida Martha Pierle, in Washington, D. C. He also visited the Capitol and other points of interest in Washington. On his way home he spent a week in Nebraska where an uncle and cousin passed away.

Buy, Build, Live In Canyon!

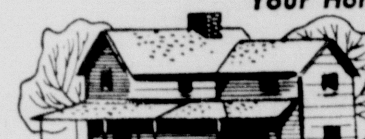

## Umberger P-TA To Hear Blackwell

The Umberger P-TA will open its 1956-57 school year with a meeting Friday night at 8 p. m. in the school hall. George Blackwell of Canyon will answer questions and explain the school children's insurance plan.

Everyone is urged to attend this first meeting. The group hopes for 100 per cent attendance.

## 23 Wheat Varieties Discounted In 1957 Price Support Program

COLLEGE STATION—Discounts to discourage plantings of undesirable wheat varieties were included in the price-support program for the first time on the 1956 wheat crop.

The USDA has released a list of 23 varieties which are classed as undesirable because of inferior milling or baking qualities. They will be discounted 20 cents per bushel in price-support rates on the 1957 wheat crop.

According to extension agronomists, the hard red winter varieties are most commonly grown in Texas and those on the undesirable list include Stafford, Pawnee Sel. 33, Red Chief, Chiefkan, Early Blackhull, Red Jacket, Kanking, New Chief, Blue Jacket, Purkof, Cimarron and Red Hull. Others listed are soft red winter, hard red spring, durum and white wheat varieties.

These 23 varieties were designated as undesirable by the Agricultural Research Service after consultation with state agricultural experiment station personnel, agronomists, cereal chemists and others on state and federal staffs.

The extension agronomists point out that the discount on these undesirable hard red winter varieties should not hamper Texas wheat producers because research has developed varieties which are better yielders as well as producers of better milling and baking quality wheat.

The recommended varieties available for the High Plains of Texas are Comanche, Concho, Westar, Wichita and Triumph. For the Rolling Plains area these same varieties are recommended along with Quanah for the eastern counties. In the north-cen-

tral area of Texas, Quanah is preferred while Comanche and Concho have also done well. In the South-central area, Quanah is recommended because of its resistance to disease.

The discount was adopted in the support operation to lessen their production and the possibility of U. S. wheat of inferior quality finding its way into domestic and export channels. Representatives of crop improvement associations have strongly urged the action.

The price-support regulations for 1957 will provide for producer certification regarding undesirable varieties.

**I GIVE YOU TEXAS**  
By  
**BOYCE HOUSE**

Shortly after I became a cub reporter on the Memphis Commercial Appeal, I was put on the police run. One night, a big mill caught fire and the city editor called me at the police station and told me to go to the scene.

I had heard that it was difficult to get past the fire lines so I asked the desk sergeant for a badge. He dug up a star that was as big as a saucer and bore the lettering, "Health Inspector" and I put it on the outside of my overcoat.

At the scene, that huge badge attracted more attention than the fire did.

Soon after that, Chief of Police Perry came into the news room. He was followed by a dozen officers and said to the slip of a boy who didn't look to be 19 but was, "Hold up your right hand" and I did and then, in a long and solemn ceremony, he swore me in and pinned on me a star which said "Special Police." (I believe he was having a little fun with me.)

Two boys were in the same class in school.

One became the driver of the Memphis police patrol. The other became president of the United States.

I would rather have been Patrol Wagon Driver Browlee than to have been President Warren G. Harding.

"What kind of man is Smith?" a friend asked. I replied, "I've met him only once but he impressed me as a quiet kind of person, with little to say." My friend said, "That doesn't mean a thing—anybody would seem quiet around you."

When I was in high school, I had an appointment at the dentist's. I walked into Dr. Walker's office and he said, "Boyce, your appointment isn't today; it's at this same hour tomorrow." I asked, "Shall I wait or come back?"

Long ago, the little incident faded from my mind but a few years back, my Aunt Agnes was talking to Dr. Walker and he chucklingly related the occurrence.

Harmonicas are the most popular of musical instruments.

**FOOTBALL GAMES**  
on radio and live TV

Again this year the Humble Company will bring you radio broadcasts and live telecasts of college football games. Your host on these is your neighbor under the Humble sign. If you enjoy them, stop by to tell him that you do—he'll appreciate your friendly gesture.

Check the games you want to see or hear each week under the Humble sign in your neighborhood. They'll be posted, with station lists and game times, in the window.

Meanwhile, stop by and ask for a pocket-size Southwest Conference Schedule, and a windshield sticker in the colors of your favorite Southwest Conference School. No cost, no obligation.

COME TO OUR FALL

# FOOD SHOW

Make way for the showboat! See our colorful display of tempting inexpensive foods and homewares...a variety of new faces and old favorites bound to perk up your Fall meals.

**Savory Frankfurter Casserole**  
(Makes 4-6 servings)  
1 1/2 cups large can undiluted Carnation Evaporated Milk  
1/2 teaspoon salt  
1 teaspoon pepper  
1 teaspoon dry mustard  
2 cups (about 8 oz.) ground process-type American cheese  
4 cups cooked noodles  
2 cups sliced frankfurters  
1 sliced fresh tomato  
Simmer Carnation and seasonings in saucepan over low heat to just below boiling (about 2 minutes). Add cheese. Stir sauce over low heat until cheese melts (about 1 minute longer). Pour sauce over noodles and frankfurters combined in buttered 2-quart casserole. Top with tomato slices. Bake in moderate oven (350° F.) about 30 minutes. Serve with green salad.  
**FREE** - For your copy of Carnation's latest recipe booklet, send to: Mary Blake, Carnation Co., Dept. GS-164, Los Angeles 19, California.
